

## NAVIONE™ Power Assist Wheelchair System

NAVIONE power-assist wheelchair systems are electrically powered wheels that can give manual wheelchair riders more power, control, and confidence. Proportional drive control and wheel-to-wheel communication could benefit many styles of self-propellers. The NAVIONE Power Assist Wheel System includes:

Pair of 22" or 24" wheels

Schwalbe®  
Marathon Plus Tires

Anti-Tip Bars  
(available at NC)

Battery, Backpack  
and Charger

Drive  
Mode Switch

Standard Mounting Hardware

Standard mounting hardware included for vertical and horizontal axle plate types\*.

NAVIONE meets the Medicare criteria for PDAC code E0986 - Manual Wheelchair Accessory - Pushrim Activated Power Assist Wheels

### NAVIONE System Options

Model #	Wheel Size		Hand Rim Type		Battery Type		MSRP	Order
	22"	24"	Plastic	Stainless	Nickel	Lithium
