

NAVIGO
Power Your Journey

THE NEW YAMAHA
NAVIGO™ Joystick Power System

 **YAMAHA**
Revs Your Heart®

LET THE JOURNEY BEGIN

Yamaha's Internationally Acclaimed Power Add-On Allows Wheelchair Riders to Expand Their Mobility

TRANSPORTABILITY

- Easy to transport power option
- Can avoid expensive home and vehicle modifications
- Easy charging from household outlets

YAMAHA PERFORMANCE

- Lightweight alternative to a traditional power chair
- Average range 9 miles with nickel battery and 19 with lithium
- Downhill speed control

EASE OF USE FOR WIDE RANGE OF RIDERS

- Can provide a transitional option between manual and power chairs
- Pediatric and adolescent rider applications
- Can easily switch riding mode between free wheel manual and powered propulsion
- Optional caregiver controller

INNOVATIVE DESIGN

- Ergonomic controller with easy to use functions
- Right or left mounting with quick release function
- Programable parameters including speed, turning, and deceleration
- Dynamic joy stick with USB charge outlet
